Important Notice

In this report, the terms "Group," "we," "us" and "our" refer to the Company and its subsidiaries.

This report is not being made, and this report has not been approved, by an authorized person for the purposes of section 21 of the Financial Services and Markets Act 2000, as amended (the "FSMA"). This report is only being distributed to and is only directed at (i) persons who are outside the United Kingdom or (ii) to investment professionals falling within Article 19(5) of the Financial Services and Markets Act 2000 (Financial Promotion) Order 2005 (the "Order"), (iii) high net worth entities, and other persons to whom it may lawfully be communicated, falling within Article 49(2)(a) to (d) of the Order or (iv) any other person to whom it may otherwise lawfully be communicated without contravention of Section 21 of the FSMA (all such persons in (i), (ii), (iii) and (iv) above together being referred to as "relevant persons"). The securities referred to herein are only available to, and any invitation, offer or agreement to subscribe, purchase or otherwise acquire such securities will be engaged in only with, relevant persons. Any person who is not a relevant person should not act or rely on this report or any of its contents. Stabilization in respect of the Senior Secured Notes may be conducted in accordance with applicable laws.

This report may contain "forward looking statements" within the meaning of the U.S. federal securities laws and the securities laws of certain other jurisdictions. In some cases, these forward looking statements can be identified by the use of forward looking terminology, including the words "aims," "anticipates," "believes," "continue," "could," "estimates," "expects," "forecasts," "future," "guidance," "intends," "may," "ongoing," "plans," "potential," "predicts," "projects," "seek," "should," "target," "will," "would" or, in each case, their negative or other variations or comparable terminology or by discussions of strategies, plans, objectives, targets, goals, investments, future events, beliefs or intentions. These forward looking statements are based on plans, estimates and projections as they are currently available to our management. Such forward looking statements are not guarantees of future performance and are subject to, or are based on, a number of factors, assumptions and uncertainties that could cause actual results to differ materially from those described in the forward looking statements. Due to such uncertainties and risks, readers are cautioned not to place undue reliance on such forward looking statements. Any forward looking statements are only made as at the date hereof and, except to the extent required by applicable law or regulation, we undertake no obligation to publicly update or publicly revise any forward looking statement, whether as a result of new information, future events or otherwise.

The financial information herein includes certain non-IFRS measures that we use to evaluate our economic and financial performance. These measures include, among others, Adjusted EBITDA, Adjusted EBITDA Margin and Adjusted Operating Profit. We present non-IFRS measures because we believe that they and similar measures are widely used by certain investors, securities analysts and other interested parties as supplemental measures of performance and liquidity and are intended to assist in the analysis of our operating results, profitability and ability to service debt. EBITDA and Adjusted EBITDA are not measures of financial performance under IFRS and should not be considered in isolation or as an alternative to any other measures of performance derived in accordance with IFRS. You are encouraged to evaluate these adjustments and the reasons we consider them appropriate for supplemental analysis. In evaluating Adjusted EBITDA, you should be aware that in the future we may incur expenses that are the same as or similar to some of the adjustments in this presentation. Our presentation of Adjusted EBITDA should not be construed as an inference that our future results will be unaffected by unusual or non-recurring items.

Section I: Management Report

I.1. Highlights and Key Figures

- YTD consolidated revenue of €491.9 million +17.6% and Adjusted EBITDA of €65.5 million +6.8%
- Q3 consolidated revenue of €158.0 million, +23.2% and Adjusted EBITDA of €18.9 million, -2.4%
    - Q3 organic revenue growth of +3.5%, FX of -1.6% and inclusion of M&A +21.3%
    - Q3 organic revenue growth for Rugs +8.7%, Commercial +1.2% and Residential -0.1%
    - Adjusted EBITDA impacted by previously communicated FX, raw material price inflation and sales constrained by operational issues in commercial tiles plant in Belgium
- Strong action taken to mitigate costs headwinds, benefiting results from Q4 onwards
- The movement of leverage and net debt from Q2 and Q3 is consistent year on year reflecting the working capital peak

Net cash flow from financing activities	(15,213)	(12,599)	39,651	(28,956)
Cash at the end of period	13,226	17,776	13,226	17,776
Financial position				
Net debt[(3)]			273,537	
Net debt / Pro Forma Adjusted EBITDA			2.9x	

(1) We define Adjusted EBITDA as Operating profit / (loss) adjusted for depreciation, amortization and impairment and write-off, as further adjusted to eliminate the impact of certain items that we do not consider indicative of our on-going operating performance such as the non-cash impact of the purchase price allocation, gains and losses on asset disposals and integration and restructuring expenses.

(2) Adjusted EBITDA Margin is defined as Adjusted EBITDA divided by revenue

(3) Net debt reflects the Senior Secured Notes (€234.9 million capital and €0.8 million accrued interest), the Senior Term Loan (€35 million capital and € 0.02 million accrued interest), capital leases (€16.1 million) less cash and cash equivalents (€13.2 million). Capitalised financing fees, equal to €9.5 million as of September 30, 2017, have been excluded.

I.2. Business Review

- Continued investment in the attractive growth areas of Rugs and Commercial
- Balta announces the intention to optimise the Residential operational footprint and restore margins, that would lead to currently expected run rate EBITDA benefit of €8.3 million in FY19, total cash benefits of €9.9 million with exceptional cash cost of €12.4 million. Under Belgian law, these plans are subject to employee consultation
- Commercial tiles production in Belgium now fully automated and operational
- Positive reaction to Modulyss carpet tiles introduced in our US acquired business, Bentley, with first specified orders now received
- During Q3 €33.9 million portion of the 7.75% Senior Secured Notes redeemed and replaced by new Senior Term Loan maturing September 2020 at a margin of 1.4%, reducing annualized interest expenses by €2.1 million. Balta intends to refinance the balance in September 2018 which will lead to a further material lowering of its financing costs

Rugs

Q3, which is seasonally the lowest sales quarter, generated consolidated revenues of €51.2 million, up 8.7% organically. Strong growth against a strong prior year comparative, with growth spread across all three regions of Europe, North America and Rest of the World. Q3 performance followed an exceptionally strong first half performance which had a higher margin product mix of sales.

Consolidated Adjusted EBITDA declined by €1.9 million to €6.9 million with margins at 13.5% (YTD margin 17.0%). The margin reduction reflects the time delay between price and raw material increases plus one off costs associated to the reorganization of the warehousing infrastructure in the US.

The re-organization of our distribution network in the US will support our future growth ambitions and provide the infrastructure to support customers more effectively in their growing e-commerce sales channel.

Commercial

Consolidated revenue in the Commercial segment increased by 143.4% to €46.5 million, driven by both the acquisition of Bentley at the end of March 2017 (contributing to consolidated revenue as from April 1st 2017) and the 1.2% organic growth of the European commercial business.

As disclosed at our H1 results, we temporarily faced some start-up issues in our Belgian factory, restricting our ability to fully supply tiles during Q3 and therefore whilst broadloom grew this was partially offset by tiles. We are now fully operational on supply of carpet tiles.

Bentley continues to gain share in the US even with some orders moving out of the quarter. We now have a fully operational and integrated sales force on the selected Modulyss products, where the early lead indicators are encouraging for driving accelerated growth into 2018.

Consolidated Adjusted EBITDA increased by 132.9% to €7.0 million although the organic business reduced EBITDA by €0.5 million as a result of the supply issues in tiles where we have been focused on building stock and getting service levels back to normal.

Residential

Q3 consolidated revenue of €54.2 million is a slight organic decline of 0.1% with negative FX of 1.0% resulted in a consolidated decline of 1.1%. The performance reflected a challenging residential market environment in continental Europe and a stable volume market in the UK.

In the continental European residential segment, Q3 was impacted by raw material inflation, especially with the substantial increase in polyamide costs. Given the material cost increase, it was not possible to fully offset the cost through price in the short term. The remaining portion will be mitigated by the full implementation of price increases, product innovation and new collections launched at the higher material prices as well as additional lean initiatives.

Furthermore in the UK whilst we increased prices to offset our cost inflation, it led to a negative margin mix as some customers down traded to cheaper carpets to maintain existing consumer price points.

This has led to an organic EBITDA reduction of 24.7% and combined with a negative FX impact of 9.2% resulted in a consolidated Adjusted EBITDA of €4.5million.

Our strategy to grow sales of higher margin new broadloom products led to sales increasing by a third compared to last year, currently representing about 20% of sales of the segment for the quarter.

We have announced a plan, which is subject to employee consultation under Belgian law, to restore margins with an intention to optimise the operational footprint, enabling a greater focus on the strategy of growing higher margin products. Our intention is to absorb the Residential carpet production from the Oudenaarde plant into our two other Residential plants in Belgium. The enabled space at the Oudenaarde plant would then be used as warehousing for Non-woven, bringing it under the same roof as its production allowing us to close the rented warehouse at Sint-Niklaas.

The optimised footprint would have the benefit of materially reducing transport and handling costs through intercompany movements, as we would then have a much simpler and efficient organisation of our manufacturing activities, from supply of raw materials to production to finished goods storage. The plan would deliver currently expected run rate EBITDA of €8.3 million in FY19, total cash benefits of €9.9million with exceptional cash cost of €12.4 million.

I.3. Financial Review

Operating profit

Adjusted Operating Profit has increased by €2.0 million (+5.0%) from €39.7 million to €41.7 million. Depreciation charges are equal to €23.8 million for the nine months ended September 30, 2017 and have increased by €2.2 million in comparison with the same period last year, driven by the acquisition of Bentley.

The decrease in Operating Profit to €31.9 million is driven by the increase of integration and restructuring expenses from €2.3 million to €9.7 million, and the absence of gains on asset disposals at the end of September 2017 (as compared to a gain of €1.6 million at the end of September 2016).

The following table sets forth integration and restructuring expenses for the period ended September 30, 2017 and 2016. This comprises various items which are considered by management as non-recurring or unusual by nature.

	For the three months		For the nine months	
(€ thousands)	**September 30, 2017**	**September 30, 2016**	**September 30, 2017**	**September 30, 2016**
Integration and restructuring expenses	**455**	**132**	**9,745**	**2,321**
Corporate and Business restructuring	73	34	403	1,752
Acquisition related expenses	(144)	-	1,232	-
Strategic advisory services	680	47	7,638	125
Other	(156)	51	472	444

For the nine months ended September 30, 2017, the integration and restructuring expenses are driven by the €7.6 million of fees incurred in connection with the IPO of the Balta Group, thanks to which the Company has been able to increase its capital and reduce its leverage. Acquisition related expenses amount to €1.2 million and have been incurred in relation to the acquisition of Bentley in March 2017.

During the nine months ended September 30, 2016, €23 million of integration and restructuring expenses were incurred. This was driven by €1.9 million of cash expenses incurred in relation to the restructuring of the Management Committee, a fee paid to terminate an agency agreement and advisory fees for tax and legal services.

Financial result and taxation

Net finance expenses for the nine months ended September 30, 2017 are equal to €31.4 million, as compared to €21.7 million in the same period last year. The increase is driven by

(i) Interest expenses and finance fees related to debt incurred during the period to acquire Bentley. This debt has been fully repaid in June using the proceeds of the primary tranche of the IPO.

(ii) Higher costs associated with the Notes due to the early redemption of the Notes in June, July and September 2017 and the pro-rate de-recognition of the capitalized financing fees.

Income tax expenses are equal to €2.5 million for the nine months ended September 30, 2017, as compared to an income tax benefit of €4.8 million in the same period last year. The tax charge of €2.5 million in the first nine months of 2017 corresponds to an effective tax rate of approximately 30% when excluding one-off financing fees. Note that the reduction of external debt in June has also impacted the internal company financing agreements. Moreover Belgian tax legislation is expected to change by the end of 2017 which might result in different tax rates to be applied for the future periods. The company will assess the impact of these changes, once the detail is known. This assessment will be completed by the end of the year which may result in changes in deferred tax positions in the coming quarters.

Cash flow statement

For the period ended September 30, 2017, cash flow from operations is equal to €28.9 million, an increase of €1.3 million as compared to €27.6 million in the same period last year. When comparing to the previous period, cash flow has mainly been positively impacted by an increase in Adjusted EBITDA (+€4.2 million), and a decrease in working capital by €2.8 million (€28.7 million compared to €31.5 million in 2016). These positive effects were offset by an increase in other non-recurring expenses not relating to the capital increase for (-€1.9 million) and an increase in income taxes paid which mainly related to prior years (-€4.2 million).

The cash used in investing activities is equal to €101.2 million for the nine months ended September 30, 2017, as compared to €26.3 million in the same period last year. This can be broken down as follows:

- €32.4 million of gross capital expenditure, versus €28.2 million in the same period last year
- (€0.8) million proceeds from disposals, versus (€1.9) million in the same period last year
- €68.3 million paid to acquire Bentley and €1.3 million paid for the acquisition of the minority stake previously held by Bentley's management

Net cash generated by financing activities is equal to €39.7 million for the nine months ended September 30, 2017, as compared to (€29.0) million in the same period last year. The capital of the Company has been increased by €137.7 million, mirroring the net proceeds of the primary tranche of the IPO by Balta Group NV. This amount has been used to reduce debt as follows:

- repay €75.9 million of the principal and accrued interest of the Senior Term Loan,
- repay €29.5 million of the principal and accrued interest of the Bentley Term Loan,
- partially repay €9.9 million of the principal and accrued interest of the Bentley revolver facility,
- partially repay €22.2 million of the principal and accrued interest of the Senior Secured Notes.

The Company entered into a €35.0 million Term Loan B. This loan has been used to further reduce the debt on the Senior Secured Notes by €35.9 million (€7.8 million per July and €26.1 million per September). This new loan has resulted in additional financing fees.

Net Debt

As part of the capital reorganization, the Leverage ratio of the group was substantially reduced, from 3.9x Pro Forma Adjusted EBITDA per March 31, 2017 to 2.9x Pro Forma Adjusted EBITDA per September 30, 2017.

The net debt and leverage as of September 30, 2017 can be summarized as follows:

(€ thousands)	**September 30, 2017**
Cash	(13,226)
Senior Secured Notes (€234.9 million principal, ind accrued interest)	235,659
Term Loan B (€35 million principal, incl accrued interest)	35,022
Finance leases	16,082
Net Financial debt	**273,537**
Pro forma leverage	**2.9x**

I.4. Pro forma Income Statement

The following table shows the impact of the pro forma adjustments on the income statement for the nine months ended September 30, 2017 and 2016.

Profit / (loss) for the period	**(2,045)**	**(262)**	**(2,307)**	**21,983**	**776**	**22,759**

(1) The Bentley Group was acquired as of 22 March 2017 and was included in the reported figures as of April 1st 2017. As a result, the pro forma adjustments for 2017 contain 3 months whereas the pro forma adjustments for 2016 contain 9 months.

Section II: Consolidated Condensed Interim Financial Statements for the Period Ended September 30, 2017

II.1. General Information

LSF9 Balta Issuer S.à r.l. ("The Company") is a private limited liability company (société à responsabilité limitée) incorporated on June 22, 2015 under the laws of Luxembourg as a public limited liability company (société anonyme). On June 14, 2017, The Company's corporate form changed from S.A. (société anonyme) to S.à r.l. (société à responsabilité limitée). All references to LSF9 Balta Issuer S.A. have been replaced by LSF9 Balta Issuer S.à r.l. in this document for clarity purposes.

The Company has its Registered Office in 5, rue Guillaume Kroll, L-1882 Luxembourg and is registered in the R.C.S. Luxembourg with number B 198084.

The financial statements of the Company for the period 1 January 2017 to 30 September 2017 comprise the Company and its subsidiaries (together referred to as the "Group" and individually as "Group entities").

The Company was established for the purpose of financing the acquisition of Balta Finance S.à r.l. and its subsidiaries by LSF9 Balta Investments S.à r.l., a wholly owned subsidiary of the Company. On June 14, 2015, LSF9 Balta Investments S.à r.l., entered into a sale and purchase agreement to purchase from Balta Luxembourg S.à r.l. (the "Seller") all of the issued and outstanding share capital of Balta Finance S.à r.l., the parent entity of the Balta Group, and certain intercompany loans between Balta Finance (as borrower) and the Seller (as lender). The acquisition of Balta Finance was consummated on August 11, 2015.

The shareholder of the Company, Balta Group NV, is publicly listed on Euronext as from June 14, 2017.

The Group is one of the leading European manufacturers of soft flooring, which includes rugs for the consumer home furnishing market as well as broadloom and carpet tiles for the residential and commercial markets. In 2017 and 2016, the Group believes it was the largest manufacturer in Europe of machine-made rugs, as well as the largest manufacturer in Europe of residential broadloom in each case by volume, and the second largest manufacturer worldwide of machine-made rugs by volume. In 2017 and 2016, the Group was also the third largest manufacturer in Europe of commercial carpet tiles by volume. In March 2017, the Group acquired Bentley, one of the leading providers of premium carpet tile and broadloom carpet in the United States, providing a platform for expansion in the US commercial segment.

II.2. Consolidated statement of comprehensive income

II.6. Notes to the consolidated condensed interim financial statements

Note 1. Basis of preparation

These consolidated condensed interim financial statements for the period ended September 30, 2017 have been prepared in accordance with IAS 34 'Interim financial reporting'. The consolidated condensed interim financial statements should be read in conjunction with the annual financial statements for the year ended December 31, 2016, for LSF9 Balta Issuer S.A. (now LSF9 Balta Issuer S.à r.l.), which have been prepared in accordance with IFRS as adopted by the European Union ("IFRS"). The amounts in this document are presented in thousands of euro, unless otherwise stated. Rounding adjustments have been made in calculating some of the financial information included in these consolidated condensed interim financial statements.

Any events and/or transactions significant to an understanding of the changes since December 31, 2016 have been included in these notes to the consolidated condensed interim financial statements.

Note 2. Accounting policies

The accounting policies adopted are consistent with those of the previous financial year.

LSF9 Balta Issuer S.à r.l. acquired Bentley Mills Group in 2017. The acquisition is a transaction under a common control, and the accounting policy election was made to account for such a transaction in accordance with IFRS 3.

Amendments to IFRS standards effective for the financial year ending December 31, 2017 are not expected to have a material impact on the Group.

The new standards and interpretations effective as of 1 January 2017 include the following:

- Amendments to IAS 7 Statement of Cash Flows-Disclosure Initiative effective 1 January 2017
- Amendments to IAS 12 Income Taxes – Recognition of Deferred Tax Assets for Unrealized Losses, effective 1 January 2017
- Annual improvements Cycle – 2014-2016, effective 1 January 2017

However, they do not impact the annual consolidated financial statements of LSF9 Balta Issuer S.à r.l. or the consolidated condensed interim financial statements of the Group.

The following new standards and amendments to standards have been issued, but are not mandatory for the first time for the financial year beginning 1 January 2017 and have been endorsed by the European Union:

- IFRS 9 'Financial instruments', effective for annual periods beginning on or after 1 January 2018. The standard addresses the classification, measurement, de-recognition of financial assets and financial liabilities and general hedge accounting. On the classification and measurement the Company's current assessment did not indicate any material impact. IFRS 9 requires the Company to record expected credit losses on all of its debt securities, loans and trade receivables either on a 12-month or lifetime basis. While the Group has not yet undertaken a detailed assessment of how its provisions would be affected by the new model, it may result in an earlier recognition of credit losses. Nevertheless the Group does not expect any material impact since it uses credit insurances as a means to transfer credit risk related to trade receivables and the historic default rates for 2016 and 2017 are not exceeding 0.1% for 2016 and 2017. Moreover there are no significant receivables due more than 3 months for which no provision has been set up. Finally, the Group is currently only applying limited cash flow hedging for expected cash flows. No significant changes are expected under IFRS 9 for the current cash flow hedge documentation and accounting treatment.

- IFRS 15 'Revenue from contracts with customers'. Companies using IFRS will be required to apply the revenue standard for annual periods beginning on or after 1 January 2018. IFRS 15 specifies how and when revenue is recognized and is prescribing relevant disclosures. The standard supersedes IAS 18 Revenue, IAS 11 Construction Contracts and a number of revenue related interpretations. The new standard provides a single, principles-based five-step model to be applied to all contracts with customers. Furthermore, it provides new guidance on whether revenue should be recognized at a point in time or over time.

The revenue is currently recognized when the goods are delivered which is the point in time at which the customer accepts the goods and the related legal title, i.e. when risks and rewards of the ownership are transferred. Revenue is only recognized at this moment after other requirements are also met, such as, no continuing management involvement with goods, revenue and costs can be reliably measured and probable recovery of the considerations. Under IFRS 15, revenue will be recognized when a customer obtains control of the goods. Based on the initial assessment, the Company did not identify material differences between the transfer of control and the current transfer of risk and rewards. As such, at this stage the Company does not anticipate material differences in the timing of revenue recognition for the sale of products. Volume discounts and rebates are currently accrued over the year based on the sales realized per customer and taking into account the expected yearly volumes per customer. There are no any other significant incremental contract costs. Consequently the Company does not expect any material impact under IFRS 15. In general the Group has not any material contracts that include separate performance obligations nor any special transactions such as consignment, bill and hold arrangements, warranty programs, upfront payments or any third party involvement.

Note 3. Non-GAAP measures

Operating Profit (Loss), Adjusted Operating Profit (Loss), Adjusted EBITDA are measures utilized by the Group to demonstrate the Group's underlying performance.

Operating Profit (Loss) is calculated as profit (loss) for the period from continuing operations, adjusted for income tax benefits (expenses), finance income and finance expenses.

Adjusted Operating Profit (Loss) is calculated as Operating Profit (Loss) adjusted for gains from disposal of assets and integration and restructuring expenses.

Adjusted EBITDA is calculated as Adjusted Operating Profit (Loss) adjusted for depreciation and amortization charges.

The non-GAAP measures are included in these consolidated condensed interim financial statements because management believes they are useful to many investors, securities analysts and other interested parties as additional measures of performance.

The Group presents non-IFRS measures in addition to financial measures determined in accordance with IFRS. Non-IFRS measures as reported by the Group may differ from similar measures presented by other companies.

Note 4. Critical accounting estimates and judgements

The preparation of consolidated condensed interim financial statements requires management to make judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets and liabilities, income and expense. Actual results may differ from these estimates.

In preparing these consolidated condensed interim financial statements, the significant judgments made by management in applying the group's accounting policies and the key sources of estimation uncertainty were

the same as those that have been applied to the consolidated financial statements for the year December 31, 2016 of LSF9 Balta Issuer S.A..

Note 5. Segment Reporting

Segment information is presented in respect of the Company's business segments. The performances of the segments is reviewed by the chief operating decision maker, which is the Management Committee.

Bentley group of companies. is reported as part of our Commercial segment. Given the acquisition date of 22 March 2017, Bentley group of companies. contributes to the consolidated earnings of the Balta Group as from Q2 2017 which resulted in an increase as compared to last year.

Note 6. Share Capital and debt reorganization

In 2017, the Company and its shareholders initiated a process to actively explore a new capital structure to support future growth. As part of the process, the existing preferred equity certificates (PECs) were converted into the capital of LSF9 Balta Issuer S.à r.l.. The shares of LSF9 Balta Issuer S.à r.l. were subsequently contributed by LSF9 Balta Holdco S.à r.l. in a newly created Belgian entity Balta Group NV. This company initiated an IPO and listed on Euronext Brussels as from 14 June 2017. The net proceeds of the IPO amounted to approximately €137.7 million and were subsequently contributed in the capital of LSF9 Balta Issuer S.à r.l. to enable the Group to repay some debt.

The increase in share capital impacts the financial statements of the Company in the following manner:

- Increase of equity;
- Decrease of financial debt;
- Incurrence of transaction expenses.

Capital increase of equity

The Equity of the Group has increased from €136.3 million at December 31, 2016 to €265.8 million at September 30, 2017. This increase by €130 million is mainly driven by (i) capital increase of €137.7 million, (ii) €1.3 million increase resulting from capital contribution in relation to the Bentley management buyout, and (iii) (€0.1) million impact on non-controllinginterest.

Further details on the breakdown of movements within equity can be found in Note 10.

Decrease of financial debt

The net proceeds of the capital contribution have been used to reduce gross debt. The debt that has been repaid includes (i) repayment in full of a term loan at the level of Bentley for an amount of $33.0 million plus accrued interests (€29.2 million of capital repayment when converted at a rate of $1.12 per Euro), (ii) partial repayment of revolving credit facility at the level of Bentley for an amount of $11.1 million plus accrued interest (€9.9 million when converted at a rate of $1.12 per Euro), (iii) repayment in full of the Senior Term Loan for an amount of €75 million plus accrued interest, and (iv) partial repayment of €21.2 million of the Senior Secured Notes plus accrued interest and redemption premium of 3%.

Further details on the movement in bank borrowings can be found in Note 17.

Incurrence of transaction expenses

As at September 30, 2017, €7.1 million incremental expenses (gross) are directly attributable to the issuance of new shares and relate to the capital increase and have been recognized as a part of integration and restructuring expenses (see Note 8).

Note 7. Business Combinations

For the purpose of this disclosure, amounts in USD have been converted to EUR at a rate of 1.0691 USD/EUR which is the closing rate per 31 March 2017. Where used herein “Bentley” refers to Bentley Mills, Inc. or where the context requires, the Bentley group of companies.

Details of the business combination

On December 1, 2016 Lone Star Fund IX agreed to acquire Bentley, a leader in premium commercial tiles and broadloom carpets for commercial interiors in the US market, from Dominus Capital, L.P. The acquisition was completed on February 1, 2017. Lone Star Fund IX acquired 98.39% of the class A unit voting rights whilst Bentley Management acquired the remaining 1.61% of the class A unit voting rights. On 22 March LSF9 Balta Issuer S.à r.l. acquired 98.39% from Lone Star Fund IX.

Balta NV, a member of the Balta Group subsequently acquired the remaining 1.61% of the Class A unit voting rights from Bentley Management on May 31, 2017 which results in a 100% ownership as from May 31, 2017.

The consideration paid to share and option holders was equal to €89.2 million ($95.4 million). In order to finance (i) the consideration paid, (ii) the repayment in full of legacy debt at the level of Bentley and (iii) the payment of transaction fees and expenses, the following sources of financing were raised:

- an equity contribution of €68.8 million ($74 million) by LSF9 Renaissance Super Holdings LP;
- a management contribution of €1.1 million ($1.2 million) in equity;
- the issuance of a term loan of €30.9 million ($33.0 million) at the level of BPS Parent Inc, as described in Note 17;
- a drawdown of €10.4 million ($11.1 million) on a revolving credit facility of €16.8 million ($18.0 million) at the level of BPS Parent Inc, as described in Note 17.

The holding structure for this investment included a limited partnership LSF9 Renaissance Bermuda Partners, L.P. (not having legal personality under Bermuda law), essentially to manage the investment relationship with the management of Bentley, who retained an equity stake in Bentley.

On March 22, 2017, LSF9 Balta Issuer S.à r.l. acquired from LSF9 Renaissance Super Holdings, L.P. its partnership interests in LSF9 Renaissance Bermuda Partners, L.P., which in turn owned the membership interests in LSF9 Renaissance Holdings LLC and LSF9 Renaissance Acquisitions LLC.. LSF9 Renaissance Holdings LLC is the new ultimate holding company of Bentley. This acquisition was originally financed by the issuance of a Senior Term Loan for an amount of €75.0 million at the level of LSF9 Balta Issuer Sà r.l. (see Note 17 for a description hereof). Subsequently, on March 23, 2017, Balta NV replaced LSF9 Balta Issuer S.à r.l. as a limited partner in LSF9 Renaissance Bermuda Partners, L.P. and as a result acquired the interest in LSF9 Renaissance Holdings LLC. As a result of these transactions, Balta NV currently controls Bentley.

On May 31, 2017, Balta NV acquired the remaining class A unit voting shares of LSF9 Renaissance Bermuda Partner, L.P. from LSF9 Balta Holdco S.à r.l. which indirectly acquired the minority stake from Bentley's management. The related party debt which resulted from this transaction was subsequently contributed in the capital of LSF9 Balta Issuer S.à r.l.. As a result of this transaction, Balta NV gained a 100% control over Bentley.

Balta will continue to support the Bentley brand, and will make use of Bentley's sale force and market power to accelerate the growth of its European Modulyss carpet tiles in the USA.

Transaction overview and allocation of purchase price paid

The acquisition made by LSF9 Balta Issuer S.à r.l. is a transaction under a common control, and the accounting policy election was made to account for such a transaction in accordance with IFRS 3. As a result, previous goodwill was reversed in order to calculate the net assets, and goodwill was recognized as the difference between the consideration paid and such net assets.

The purchase price allocation required under IFRS 3 Business Combinations has not yet been reflected in the consolidated condensed interim financial statements. In accordance with IFRS 3, the Group has 12 months the time to perform the purchase price allocation and to include and report on it in the financial statements. The Group is currently processing the analysis. As such, the fair value of the identifiable assets, liabilities and contingent liabilities acquired and the goodwill are provisional. The purchase price allocation exercise will result in adjustments to provisional values as a result of completing the initial accounting from the acquisition date. We mainly expect differences in valuation of intangible assets, property, plant and equipment and inventory.

The initial purchase price paid in cash was equal to €68.3 million, as compared to a net asset value of Bentley of (€11.5) million at 22 March 2017 (the "Acquisition Date"), of which (€12.6) million attributable to LSF9 Balta Issuer S.à r.l. and €1.0 million attributable to the non-controlling interest held by Bentley management. Consequently, the provisional goodwill – before purchase price allocation - was equal to €80.9 million

The non-controlling interest held by Bentley management was acquired per May 31, 2017 for an amount of €1.3 million having a corresponding net asset value at that time of €1.2 million. Consequently the provisional goodwill paid for the Bentley Group of companies – before purchase price allocation – increased by €02 million as from May 31, 2017 and is finally equal to €81.0 million.

Initial goodwill determination as per March 22, 2017 before Purchase Price Allocation.

The initial goodwill allocation as per March 22, 2017 including minority interest is mentioned below.

(€ thousands)	Carrying value of net assets at Acquisition Date before allocation goodwill
Assets acquired	**47,546**
Property, plant & equipment	14,267
Intangible assets	2,726
Trade and other receivables	744
Total non-current assets	**17,737**
Inventories	15,935
Trade and other receivables	13,874
Cash and cash equivalents	-
Total current assets	**29,809**
Liabilities assumed	**(59,079)**
Bank and other borrowing	(38,471)
Deferred income tax liabilities	(485)
Provisions for other liabilities and charges	(2,045)
Employee Benefit Obligations	(347)
Total non-current liabilities	**(41,348)**
Bank and Other Borrowing	(1,325)
Employee Benefit Obligation	(1,685)
Trade and other payables (1)	(13,190)
Current income tax liabilities	(1,531)
Total current liabilities	**(17,731)**
Purchase Price Paid in Cash	**68,310**
Total identifiable assets, liabilities and contingent liabilities	(11,533)
Of which: attributable to LSF9 Balta Issuer S.à r.l.	(12,560)
Of which: attributable to non-controlling interest	1,027
Goodwill	80,870

(1) The trade and other payables are €0.2 million higher than reporting per March 31, 2017 as a result of additional information received after the previous reporting period which had a financial impact on the opening balance of Bentley.

Provisional goodwill determination as per May 31, 2017 before Purchase Price Allocation.

The non-controlling portion is acquired per May 31, 2017 and has the following effect on the goodwill:

Purchase Price Paid in Cash for Minority stake	**1,343**
Total identifiable assets, liabilities and contingent liabilities per May 31, 2017 attributable to non-controlling interest	1,165
Goodwill in relation to acquisition minority stake	177

After acquisition of the minority stake, the total goodwill -before purchase price allocation- relating to the Bentley acquisition amounts to €81.0 million.

Total Goodwill Bentley Mills acquisition	**81,047**
Initial goodwill recognition (98,39%)	80,870
Goodwill attributable to acquisition non-controlling interest (1,61%)	177

Goodwill

The Goodwill of €81.0 million still needs to be allocated. Following this allocation, the remaining goodwill arising from the acquisition will mainly consist of the synergies and the economies of scale expected from combining the operations of Bentley and Balta.

None of the Goodwill recognized is expected to be deductible for income tax purposes.

Details of acquired receivables

The non-current and current trade and other receivables acquired from Bentley per March 2017 amounted to €14.6 million and relate to trade receivables (€13.4 million), other receivables (€0.9 million), and deferrals (€0.3 million). The trade receivables included a bad debt provision of €0.3 million to cover for receivables assumed difficult to be collected.

Details of non-controlling interests

The amount of non-controlling interest recognized per March 2017 amounted to €1.0 million at the acquisition date and represented the 1.61% stake management owned in the net assets of Bentley.

The non-controlling interest disappeared as a result of the acquisition of the remaining share portion per May 31, 2017 by the Balta Group. The Profit/ (Loss) for the period which was attributed to the Non-controlling interest for the period March 23, 2017 until May 31, 2017 amounted to €34 thousand.

Impact of acquisition on amounts reported in the statement of comprehensive income

The acquisition of Bentley by Balta was completed on March 22, 2017. Because the closing date was near the end of the first quarter, management believes that the amount of revenue and profit or loss of the acquiree since the acquisition date to be included in the consolidated statement of comprehensive income for the period to the end of March 2017 is not material. As a result, the comprehensive income of Bentley was taken into account as of April 1, 2017 and only included for 6 months in the nine months ended September 30, 2017 figures.

If Bentley has been consolidated from January 1, 2017, Bentley would have contributed €83.9 million of revenue. The profit of the period from continuing operations would have been equal to €1.4 million on a pro forma basis, i.e. taking into account the effects of the new capitalization structure of the Group and after elimination of transaction expenses incurred by Bentley.

Adjustments recognized for business combinations that occurred in the current reporting periods.

Initial accounting for a business combination is incomplete, and the amounts recognized in the financial statements for the business combination have been determined only provisionally as required by IFRS 3. The purchase price allocation has not yet been completed at the date of approval of these consolidated condensed interim financial statements.

The fair value of the identifiable assets and liabilities acquired will be measured at a later stage and will result in an adjustment of the goodwill presented. We mainly expect differences in valuation of intangible assets, Property, plant and equipment and inventory.

Regarding Contingent Liabilities, based on BPS Parent, Inc. disclosures and the preliminary analysis performed by Bentley Mills Management, the Balta Group has not identified any material legal claims, tax dispute or environmental risk that would lead us to believe material contingent liabilities would need to be recognized in the statement of financial position. However, as our analysis continues, recognition of such

contingent liabilities may be identified and recognized in accordance with the requirements of IFRS 3 Business Combinations.

Note 8. Integration and restructuring expenses

The following table sets forth integration and restructuring expenses for the period ended September 30, 2017 and 2016. This comprises various items which are considered by management as non-recurring or unusual by nature.

	For the three months		For the nine months	
(€ thousands)	September 30, 2017	September 30, 2016	September 30, 2017	September 30, 2016
Integration and restructuring expenses	**455**	**132**	**9,745**	**2,321**
Corporate and Business restructuring	73	34	403	1,752
Acquisition related expenses	(144)	-	1,232	-
Strategic advisory services	680	47	7,638	125
Other	(156)	51	472	444

For the nine months ended September 30, 2017, the integration and restructuring expenses are driven by the €7.1 million of fees incurred in connection with the IPO of the Balta Group, thanks to which the Company has been able to increase its capital and reduce its leverage. Acquisition related expenses amount to €1.2 million and have been incurred in relation to the acquisition of Bentley in March 2017.

During the nine months ended September 30, 2016, €23 million of integration and restructuring expenses were incurred. This was driven by €1.9 million of cash expenses incurred in relation to the restructuring of the Management Committee, a fee paid to terminate an agency agreement and advisory fees for tax and legal services.

Note 9. Income tax benefit / expense

Income tax expense is recognized based on management's estimate of the weighted average estimated effective income tax rate for the full financial year applied to the interim period pre-tax income of each jurisdiction. The estimated average annual tax rate for the year remains unchanged compared to last year. The fluctuation of the income tax expense is mainly attributable to deferred income taxes.

Income tax expenses are equal to €2.5 million for the nine months ended September 30, 2017, as compared to an income tax benefit of €4.8 million in the same period last year. The tax charge of €2.5 million during the first nine months of 2017 corresponds to an effective tax rate of approximately 30% when excluding one-off financing fees. Note that the reduction of external debt in June has also impacted the internal company financing agreements. Moreover Belgian tax legislation is expected to change by the end of 2017 which might result in different tax rates to be applied for future periods. The company is currently assessing the impact of these changes. This assessment will be completed by the end of the year which may result in changes in deferred tax positions in the coming quarters.

For the period ended September 30, 2016, a net tax benefit was recognized of €4.8 million as a result of the recognition of tax credits for which the recognition criteria were previously not met.

Note 10. Share Capital and share premium

- Capital Increase in cash by Balta Group NV: The shareholders of the Company have issued 137,677,446 new shares at a price of €1 per share for a total amount of €137.7 million and have allocated €0.9 (ninety cents) to the share premium account of the company. This has been allocated to capital through the issuance of new shares.

- Capital increase by means of a contribution in kind: Contribution of the PECs, owned by LSF9 Balta Holdco S.à r.l., into share capital for an amount of €152.9 million without the issuance of new shares

This contribution took place on the face value of the PECs, i.e. €138.6 million initial principal amount plus €14.3 million accrued interest.

- Bentley Management Buy-Out: Prior to the capital contribution, Bentley Management owned a minority equity stake (of less than 2% of the total interest) in the Bentley Group of companies. This minority equity stake has been acquired by LSF9 Balta Midco S.à r.l., who in turn has rolled-down the stake into Balta NV, such that the full ownership in Bentley is centralized in Balta NV. This integration of the Bentley management equity stake has resulted in an equity increase at the level of the Group of €1.3 million.

Note 11. Preferred equity certificates

LSF9 Balta Issuer S.à r.l. has historically been funded by the issuance of PECs. LSF9 Balta Holdco S.à r.l., Holder of the PECs issued by LSF9 Balta Issuer S.à r.l. has contributed its PECs into the equity (increase in share capital, without the issuance of new shares) of LSF9 Balta Issuer S.à r.l. prior to the IPO.

Note 12. Property, plant and equipment

During the nine months ended September 30, 2017, property, plant and equipment and intangibles (excluding goodwill) increased by €17.0 million. The increasemainly relates to the acquisition of Bentley.

A total net depreciation expense of €23.8 million has been charged in the line “Depreciation, amortisation” in the statement of comprehensive income, which mainly relates to property, plant and equipment.

The Group leases various industrial buildings, plant and machinery under non-cancellable finance lease agreements. The lease terms are between 5 and 15 years, and ownership of the assets lie within the Group. The leasehold improvements are amortized using the straight-line method over the lessor of the term of the respective lease or the life of the asset.

Note 13. Inventories

Inventories increased by €21.6 million as comparedto December 31, 2016, of which €16.1 million is driven by the acquisition of Bentley and €5.5 million is due to an increase of inventory owned by the Group.

Note 14. Trade and other receivables

Current trade and other receivables increased by €13.3 million to €68.2 million as of September 30, 2017, compared to €54.9 million as of December 31, 2016. This increase is mainly driven by the acquisition of Bentley.

Note 15. Derivative financial instruments

Cash flow hedge accounting

Cash flow hedge accounting has been initiated on June 1, 2016. Therefore, changes in fair value of the forward contracts before this date have been recorded directly in the consolidated income statement. The changes in fair value of the forward contracts have been presented in other comprehensive income as from June 1, 2016. The changes in fair value for the nine months ended September 30, 2017 are recognized through other comprehensive income for an amount of €0.4 million.

The movement schedule below summarizes the amounts recorded into the cash flow hedge reserve and the portion that was recognized in the income statement during the reporting period.

(€ thousands)	September 30, 2017	December 31, 2016
Opening Balance	**(116)**	**-**
Amounts recorded in the cash flow hedge reserve	1,282	2,190
Amounts recognized in the income statement	(895)	(2,307)
Cash flow hedge reserve, ending balance	**271**	**(116)**

The movement schedule below summarizes the amounts recorded into the cash flow hedge reserve and the portion that was recognized in the income statement for the contracts which were not yet settled at the reporting date.

(€ thousands)	September 30, 2017	December 31, 2016
Opening balance Derivative financial instruments	**(116)**	**786**
Fair value through OCI	387	(116)
Fair value through P&L	414	(786)
Ending balance Derivative financial instruments	**685**	**(116)**

Note 16. Senior Secured Notes

(€ thousands)	September 30, 2017	December 31, 2016
Total Senior Secured Notes	**226,538**	**283,510**
Non-Current portion	**227,797**	**279,277**
Of which: gross debt	234,900	290,000
Of which: capitalised financing fees	(7,103)	(10,723)
Current portion	**(1,259)**	**4,234**
Of which: gross debt	-	-
Of which: accrued interests	759	6,618
Of which: capitalised financing fees	(2,017)	(2,384)

LSF9 Balta Issuer S.à r.l. issued €290.0 million aggregate principal amount of Senior Secured Notes with an interest rate of 7.75% due 2022 as part of the financing of the acquisition of Balta Finance S.à r.l.. The Indenture is dated August 3, 2015 and the principal amount was released from the escrow account at the closing of the Acquisition on August 11, 2015 (the "Completion Date"). The maturity date of the Senior Secured Notes is September 15, 2022.

Interest on the Senior Secured Notes accrue at the rate of 7.75% per annum and are payable semi-annually in arrears on March 15 and September 15 of each year, commencing on March 15, 2016.

Costs related to the issuance of Senior Secured Notes have been included in the carrying amount and are amortized into profit or loss over the term of the debt in accordance with the effective interest method. It follows that the amount of capitalized financing fees expensed during the first nine months of 2017 is equal to €3.9 million. This amount contains €2.2 million offinancing fees that were recycled to the income statement in direct relation to the partial repayment of the Senior Secured Notes in June, July and September 2017.

The current portion of the debt associated with the Senior Secured Notes relates to accrued interest payables at the next interest payment date and the portion of the capitalized financing fee that will be amortized into profit or loss over the next 12 months.

In June 2017 the Group performed a partial repayment of the Senior Secured Notes for €21.2 million. An additional repayment was done in July 2017 for an amount of €7.8 million. In September 2017 the Group redeemed an additional €26.1 million of the Senior Secured Notes. These additional repayments reduced the outstanding principal amount of the Senior Secured Notes to €234.9 million.

Note 17. Bank and other borrowings

The table below sets forth the breakdown of the bank and other borrowings as at September 30, 2017 and December 31, 2016 .

(€ thousands)	September 30, 2017	December 31, 2016
Total Bank and other borrowings	**50,880**	**18,002**

Current portion	**2,390**	**2,614**
Senior Term Loan Facility B	(95)	-
Of which: gross debt	-	-
Of which: accrued interests	22	
Of which: capitalised financing fees	(117)	-
Finance lease liabilities	2,367	2,494
Commitment fees	118	120

Senior Term Loan

On March 16, 2017, LSF9 Balta Issuer S.à r.l. and certain of its subsidiaries entered into a senior term loan agreement (the "Senior Term Loan Agreement"), which provided for a €75.0 million senior term loan facility (the "Senior Term Loan") and, subject to the restrictions on debt incurrence set out therein, uncommitted financing which ranks pari passu with or junior to such initial facility. The proceeds of the initial drawings of the Senior Term Loan were used to repay certain subordinated loans incurred by LSF9 Balta Issuer S.à r.l. to finance the acquisition of Bentley and to pay related fees and expenses.

The Senior Term Loan was repaid in full in June 2017 using a portion of the capital contribution received from Balta Group NV.

Bentley Financing Arrangements

BPS Parent, Inc. and other subsidiaries entered into a $51.0 million syndicated credit facility (the "Fifth Third Credit Agreement") with Fifth Third Bank and other financial institutions (the "Lenders") on February 1, 2017. The credit facilities under the Fifth Third Credit Agreement consist of: (i) a five year revolving credit

facility of $18.0 million which will be due and payable on January 31, 2022, and availability is governed by a borrowing base, and (ii) a five year term loan facility of $33.0 million ("Bentley Term Loan"), also scheduled to mature on January 31, 2022, requiring quarterly payments. Obligations under the Fifth Third Credit Agreement are secured by a security interest on substantially all assets of BPS Parent, Inc. and its subsidiaries in favor of the lenders. The Fifth Third Credit Agreement contains affirmative and negative covenants with respect to BPS Parent, Inc. and its subsidiaries and other payment restrictions. Certain of the covenants limit indebtedness and investments of BPS Parent, Inc. and its subsidiaries and require the maintenance of certain financial ratios defined in the Fifth Third Credit Agreement.

In June 2017, a portion of the proceeds of the capital contribution were used to (i) fully repay the five year Fifth Third Credit agreement, and (ii) to partially reduce the amounts drawn under the five year revolving credit facility.

In August 2017 the remaining amount of the five year revolving credit facility was repaid and no amounts have been drawn since then.

A portion of the capital contribution received from Balta Group has been used to perform a partial repayment of the Bentley debt of €39 million. The capitalized financing fees relating to this debt have been completely released through the consolidated statement of comprehensive income via finance expenses.

Finance lease liabilities

The finance lease liabilities have decreased from €17.9 million as of December 31, 2016 to €16.1 million as of September 30, 2017. No material new financial lease contracts have been signed during the period.

Bank overdrafts

Bank overdrafts mainly relate to uncleared cheques and reflect the amount of uncleared cheques for which no cash is available on the cash and cash equivalent accounts. Per September 30, 2017 the amount of uncleared cheques was less than the amount available on cash and cash equivalents and as a result no bank overdraft liabilities are presented.

European Super Senior revolving credit facility agreements

On 18 July 2017, Balta has renegotiated and obtained more favourable commercial terms in respect of its European Super senior revolving credit facility, including a reduction of the margin from the original 3.75% p.a. in August 2015 to an average margin below 1.80% p.a. at current leverage. At the same time, the facility was increased from €45 million to €68 million.

Commitment fees

The commitment fees payable remained stable at €0.1 million when comparing September 30, 2017 with December 31, 2016.

Senior Term Loan Facility B

LSF9 Balta Issuer S.à r.l. entered into a €35.0 milion Senior Term Loan Facility B (the "Senior Term Loan B agreement") maturing September 15, 2020, at a margin of 1.40% per annum. The Facility ranks pari passu with the Senior Secured Notes. The net proceeds were used to finance a partial redemption of the Senior Secured Notes in July and September 2017.

The Senior Term Loan Facility agreement is dated August 29, 2017 and the principal amount was released at Completion date which was September 5, 2017.

Interest on the Senior Term Loan Facility B accrue at the rate of 1.40% per annum and are payable quarterly in arrears on March 15, June 15, September 15 and December 15 of each year, commencing on September 15, 2017.

Costs related to the issuance of Senior Term Loan Facility B have been included in the carrying amount and are amortized into profit or loss over the term of the debt in accordance with the effective interest method. It follows that the amount of capitalized financing fees expensed during the first month (September 2017) is equal to €0.1 million.

The current portion of the debt associated with the Senior Term Loan Facility B relates to accrued interest payables at the next interest payment date and the portion of the capitalized financing fee that will be amortized into profit or loss over the next 12 months.

Note 18. Additional disclosures on financial instruments

The carrying amounts and fair values of the trade and other receivables, cash and cash equivalents, the borrowings, the finance lease liabilities, the derivatives and the trade and other payables are summarized in the following table:

(€ thousands)	Fair value hierarchy	September 30, 2017	September 30, 2017	December 31, 2016	December 31, 2016
		Carrying amount	Fair value	Carrying amount	Fair value
Assets as per statement of financial positions		**83,048**	**83,048**	**101,102**	**101,102**
Loans and receivables		**82,363**	**82,363**	**101,056**	**101,056**
Trade and other receivables		69,137	69,137	55,068	55,068
Cash and cash equivalents	Level 1	13,226	13,226	45,988	45,988
Assets at fair value through OCI		**685**	**685**	**46**	**46**
Foreign exchange derivative financial instruments	Level 2	685	685	46	46
Liabilities as per statement of financial positions		**405,755**	**434,436**	**433,237**	**468,726**
Financial liabilities measured at amortised cost		**405,755**	**434,436**	**433,075**	**468,564**
Senior Secured Notes	Level 1	226,538	255,219	283,511	319,000
Bank and other borrowings	Level 2	50,880	50,880	18,002	18,002
Trade and other payables		128,337	128,337	131,562	131,562
Financial liabilities measured at fair value through OCI		**0**	**0**	**162**	**162**
Foreign exchange derivative financial instruments	Level 2	0	0	162	162

The different valuation methods have been defined as follows:

- Level 1: are valuations derived from quoted prices (unadjusted) in active markets for identical assets or liabilities;
- Level 2: are valuations derived from inputs other than quoted prices included within level 1 that are observable for the asset or liability, either directly (that is, as prices) or indirectly (that is, derived from prices);
- Level 3: are valuations derived from inputs for the asset or liability that are not based on observable market data (that is, unobservable inputs).

The fair value of the Senior Secured Notes is based on a Level 1 estimate. The fair value of all other financial instruments, with the exception of cash and cash equivalents, has been determined using Level 2 estimates. The fair value of the forward foreign exchange contracts have been determined using forward exchange rates that are quoted in an active market. The effects of discounting are generally insignificant for Level 2 derivatives. For trade and other receivables, as well as trade and other payables, the carrying amount is considered to be a good estimate of the fair value, given the short term nature of these items.

There were no changes in valuation techniques during the period.

Note 19. Financial risk management

The Group’s activities expose it to a variety of financial risks: market risk (including foreign exchange risk, fair value interest rate risk, cash flow interest rate risk and commodity price risk), credit risk and liquidity risk. The Group’s overall risk management program focuses on the unpredictability of financial markets and seeks to minimize potential adverse effects on the Group’s financial performance. The objective is to identify,

quantify, manage and then monitor events or actions that could lead to financial losses. Derivative financial instruments are used to hedge certain risk exposures at Group level.

There have been no changes in the risk management function or in any risk management policies since the year-end.

Our primary sources of liquidity consist of cash flows from operations, non-recourse factoring agreements, the Senior Secured Notes, Senior Term Loan facility B, the Bentley Revolving Credit facilities. Our debt service obligations consist primarily of interest payments on the Senior Secured Notes, Senior Term Loan Facility B, capital lease obligations and if any on amounts drawn under the Revolving Credit Facilities.

We refer to note 16 and 17 for a detailed description of the changes which occurred between December 31, 2016 and September 30, 2017. As of September 30, 2017 the Company has a net debt of €273.5 million.

Note 20. Employee benefit obligations

Employee benefit obligations decreased from €5.1 million as of December 31, 2016 to €4.9 million at September 30, 2017.

The decrease was partly offset by the acquisition of Bentley, which generated an increase of the employee benefit obligations of €0.3 million.

Note 21. Other payroll and social related payables

Other payroll and social related payables decreased from €31.2 million as of December 31, 2016 to €29.3 million at September 30, 2017.

The decrease was partly offset by the acquisition of Bentley, which generated an increase of the other payroll and social related payables.

Note 22. Trade and other payables

The outstanding trade and other payables decreased from €131.6 million as of December 31, 2016 to €128.3 million as of September 30, 2017.

Note 23. Dividends per share

The Group did not declare any dividends to shareholders for the period ended December 31, 2016 and September 30, 2017.

Note 24. Earnings per share

(€ thousands)	For the three months ended		For the nine months ended

Net result from discontinued operations attributable to holders of ordinary shares LSF9 Balta Issuer S.à r.l.	-	-	-	-
Weighted average number of ordinary shares outstanding (in thousands)	137,848	171	137,848	171
Net result per share attributable to holders of ordinary shares LSF9 Balta Issuer S.à r.l. (in €)	0.00	0.36	(0.01)	1.29

The acquisition of the Balta Group through the acquisition of Balta Finance has been partially funded by the issuance of PECs. Each PEC was entitled to receive a return which is mainly driven by any income derived by the Company from its investment in LSF9 Balta Investments S.à.r.l., it being understood that the Company shall retain a 1% margin on an annual basis on its financing activities. It follows that the vast majority of the net result is attributable to the holders of the PECs and not to the holders of the ordinary shares.

As a result of the capital reorganization these PECs have been converted into the share capital of the Company. As such 100% of the net result from continuing operations is attributable to the holders of the ordinary shares as from June 30, 2017.

The number of shares outstanding, did increase from 171,000 to 137,848,446 which results in a decrease in the net result per share.

Note 25. Contingencies

Since the publication of the last annual report, no material changes were noted in the contingencies for the Group. It is not anticipated that any material liabilities will arise from the contingent liabilities other than those provided for.

Note 26. Commitments

There have been no material changes in the commitments compared to December 31, 2016.

Note 27. Seasonality of operations

At a total Group level, sales are not overly seasonal, but each business segment varies and can have sales moved from one quarter to another.

(*) During the second quarter of 2017 the remaining minority equity stake of 1.61% (owned by Bentley management) was acquired by the group, resulting in 100% ownership of LSF9 Renaissance Bermuda Partners LP as from June 2017, compared to 98.39% as at March 31, 2017.

Note 29. Related party transactions

Shares

Until February 22, 2017, 100% of shares of LSF9 Balta Issuer S.à r.l. were owned by LSF9 Balta Midco S.à r.l.. As a result of a sales and purchase agreement dated February 22, 2017, 100% of the shares of LSF9 Balta Issuer S.à r.l. were sold to LSF9 Balta Holdco S.à r.l..

Balta Holdco S.à r.l. contributed 100% of the shares of LSF9 Balta Issuer S.à r.l. to the share capital of Balta Group NV by means of a contribution in kind in exchange for 25 million shares. This contribution was described in an agreement dated May 30, 2017 and was subject to the IPO described in Note 6.

Following the IPO, Lone Star Fund IX, through intermediate holding companies, controls approximately 56.5% of the issued share capital of LSF9 Balta Issuer S.à r.l.

The remaining Bentley equity stake (of less than 2% of the total interest), acquired from LSF9 Balta Holdco S.à r.l., resulted in an equity increase of €1.3 million in LSF9 Balta Issuer S.à r.l.

The following transactions were carried out with related parties:

Contributions in the capital and reserves of LSF9 Balta Issuer S.à r.l.

As described in Note 10, LSF9 Balta Holdco S.à r.l. contributed €1.3 million in the share capital of LSF9 Balta Issuer S.à r.l. to integrate the former Bentley Management equity stake in the Group prior to the IPO.

As described in Note 11 PECs issued by LSF9 Balta Issuer S.à r.l. and owned by LSF9 Balta Holdco S.à r.l. were contributed in the share capital of LSF9 Balta Issuer S.à r.l. for an amount of €152.9 million prior to the IPO.

Key management compensation

Key management means the Group's Executive Committee, which consists of the people having authority and responsibility for planning, directing and controlling the activities of the Group. Key management compensation includes all fixed and variable remuneration and other benefits which are presented in other expenses.

Key management compensation is in line with the financial year 2016 and will be further updated in the annual report of 2017.

Certain members of the Management Committee are entitled to a share related bonus payment pursuant to a phantom share bonus scheme with Balta NV.

Balances arising from daily operations:

(€ thousands)	**September 30, 2017**	**December 31, 2016**
Other payables to related parties	6,604	54

The balances mainly arise from current account positions at year end and quarter end as a result of payments which have been performed on behalf of Group entities. These current accounts are respectively reflected in the trade and other receivables and in trade and other payables.

The amount of €6.6 million, as at September 30, 2017, mainly includes the transaction expenses which were recharged to LSF9 Balta Issuer S.à r.l. or its subsidiaries from the Balta Group NV.

Note 30. Subsequent events

The Group announced a plan, which is subject to employee consultation under Belgian law, to restore margins with an intention to optimise the operational footprint, enabling a greater focus on the strategy of growing higher margin products. Our intention is to absorb the Residential carpet production from the Oudenaarde plant into our two other Residential plants in Belgium. The enabled space at the Oudenaarde plant would then be used as warehousing for Non-Woven, bringing it under the same roof as its production allowing us to close the rented warehouse at Sint-Niklaas.
